## Forthcoming Student Programmes and Events in September to November 2022

### Programmes with No Screening

There are no screening questions, written tests or other screening methods for this type of programmes.

- Student members may select up to 5 programmes from the list below. They have to state the priority for each choice when submitting the application. (1<sup>st</sup> priority, 2<sup>nd</sup> priority, 3<sup>rd</sup> priority, etc.)
- The application can only be submitted once. After submission of the application, the programme selection and the priority cannot be changed.
- If a student member removes a programme from his/her application before the application deadline, the choice priority will remain unchanged. (For example: A student has selected three programmes and removed the choice of 1<sup>st</sup> priority from the application. The choices of 2<sup>nd</sup> and 3<sup>rd</sup> priority will remain unchanged with no promotion in priority).
- Selection of students will be based on their choice of priorities and a randomly generated selection by the computer system. If there is a time clash between the applied programme(s) and other programme(s) which the applicant has been admitted to, we will consider if the application will be accepted.
- Student members should avoid applying for programmes with time clashes to each other.
- The decision of the HKAGE on the result of selection should be final.
