Programmes with Screening, First-come-first-served or Random Selection Programmes

Programmes with Screening:

There are different screening methods for these programmes, for example, online screening questions, written tests or other screening methods.

- Student members are selected based on their performance in the screening. For details, please refer to the programme information.
- If there is a time clash between the programme(s) being applied for and other programme(s) which the applicant has been admitted to, we will consider if the application will be accepted.
- Student members should avoid applying for programmes with time clashes to each other.
- The decision of the HKAGE on the result of the selection should be final.

First-come-first-served Programmes:

- Enrolment for these programmes with limited capacity will be processed on a first-come-first-served basis.
